## BRIEF DESCRIPTION OF APPENDIXES

- 2 Appendix 1 is an NMR <sup>1</sup>H spectrum of intermediate 4(R)-carboxy-2-
- 3 phenylthiazolidine prepared by a method in accordance with the present
- 4 invention;

1

- 5 Appendix 2 is an NMR <sup>13</sup>C spectrum of the intermediate 4(R)-
- 6 carboxy-2-phenylthiazolidine prepared by a method in accordance with the
- 7 present invention;
- 8 Appendix 3 is an NMR <sup>1</sup>H spectrum of bicyclic thiazolidine
- 9 hydantoin prepared by a method in accordance with the present invention;
- 10 Appendix 4 is an NMR <sup>13</sup>C spectrum of bicyclic thiazolidine
- 11 hydantoin prepared by a method in accordance with the present invention;
- 12 and
- 13 Appendix 5 is an HPLC chart of bicyclic thiazolidine hydantoin
- prepared by a method in accordance with the present invention in
- comparison with a standard sample.
